Gents, fasten your seatbelts for what are, undoubtedly, the raciest pages we've ever dared publish!

If there's one thing all *Nuts* babes possess, it's sexiness! So who better to guide you through every aspect of sexy time than Sophie Howard, Stacey Massey, Daisy Watts and Leah Francis? Oh, and rather handily, they all have brilliant boobs! ➔

SPRINT

"Oh, when you said you were an Elbow fan..."

THE SEX ISSUE!

**H**i Sophie! Thanks for introducing our Sex Issue! If you had to have sex in just one position for the rest of your life, what would it be? I like it when the guy's stood up and you're against the wall with your legs wrapped around him. It's nice and deep, and hits all the right spots!

**What's the funniest thing that's ever happened to you in bed?** I was giving a bloke a t\*t w\*nk once and some air must've got trapped between my boobs, because it made a really loud farting noise!

**Would you rather have sex with a giant or a midget?** Oh, a giant because he'd have a bigger willy! Whenever I've watched midget porn, it's always been a bit strange.

**What do you most like to do to a man?** I love it when I straddle his face and get a good ride going on. Maybe pedal his ears a little bit!

**Describe your ultimate sexy outfit.** I have a thing for skirts with no underwear. I like to think that if you want to get it on with a guy, he can just get his hands up there, play around with you and have you straightaway instead of having to mess about with taking jeans and socks off.

**What's the best part of your body?** My boobs and my lips, because they're both great at giving blokes pleasure!

**Are there any unusual things that you find sexy?** I like guys to be a bit mean. I also find men with a shaved head really sexy at the moment. Oh, and I love the smell of garages!

**Er, OK! Finally, what's the best way to seduce a man?** I'm the worst at seducing men. I repel them from 50 feet as if by magic! I know what I'm supposed to do but I always do the opposite. I'll call them up when I'm drunk and demand that they come round the day after our first date! ➡
